

Vacation Policy

Bright Beginning allows for a credit of up to one week of vacation, per program year. Equivalent to 5 days for full time children or the number of days your child attends the center during the course of a week for part-time children. To constitute as a vacation day, the child is not present at the center and we must receive a minimum of 2 week prior notice to the date of absence. Any days absent without 2 weeks notice will be considered a non-refundable absence. If more than 5 vacation days (or for part-time children, the number of days your child attends the center during the course of a week) are taken during the course of a program year, then any days missed exceeding the allotted vacation days will be considered as non-refundable absences.

Holidays and Inclement Weather days in which the center is closed will not be counted as vacation days.

Vacation day: Any days missed in which more than 2 weeks prior notice is given and not exceeding the allotted days during a program year. You must turn in a Vacation Form.

Absence day: Any days missed in which less than 2 weeks prior notice is given or any days missed exceeding the allotted days per program year.

Holiday: A nationally recognized day in which the center is closed.

Inclement Weather: Any day in which the center is closed due to motorists being prohibited from driving on all or some of the roads. We do not expect employees or parents to violate those rules. Our closing for inclement weather does not necessarily coincide with the cancellation of classes in the local schools. We may still open if safety permits.

Program Year: 2nd week of September to 1st week of June

You must keep in mind; Bright Beginning has a limited number of spaces available for enrolling children. Your child's space is RESERVED for your child, for the entire program year. If your child is absent, that space can not be filled by another child.
